

4 Request For Action (RFA) Form
Course: Math208, Spring 2011

Title: Taking a Derivative

Date Requested: January 13, 2011

Requestor: Dr. Elmer

Date Due: January 18, 2011

Presenters: 1 –
2 –

Actions:

Demonstrate the use of symbolic variables in MatLab by taking the derivative of $(\sin x + x)^2$. (This requires defing variables as symbolic variables.) (~ 5 minutes.)
