

G14 (Team)  
Interactive Plotting - Golf Guy  
Due February 16, 2010

Create a .m file which when run, creates a 2D simplified drawing of a golf guy stick figure, head on view, correct to scale. This .m file should take  $\alpha$ ,  $\beta$ , and  $\gamma$  as input. We'll test it in class for various values. Email me your .m file.
